Sounds good Eric-

I have updated the data layers to include the bioassay data using the reference envelope, included layer files for eco and hh hilltopping scenarios in addition to the sum, and generated metadata for all of these layers.

The attached package should be ready for transmittal to the LWG.

Best,  
Ben

This Email message contained an attachment named  
2009AOPC\_ForLWG.zip  
which may be a computer program. This attached computer program could  
contain a computer virus which could cause harm to EPA's computers,  
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced  
into the EPA network. EPA is deleting all computer program attachments  
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you  
should contact the sender and request that they rename the file name  
extension and resend the Email with the renamed attachment. After  
receiving the revised Email, containing the renamed attachment, you can  
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at  
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
